Commenting on the results, Mr. C.S. Nopany, Co-Chairperson, Avadh Sugar & Energy Ltd said:

“With sugar production in Uttar Pradesh expected to decline due to lower yields and lower recoveries in the 2024-25 crushing season, but with strong opening stocks and higher anticipated production next season, India's sugar industry is not only well-positioned to meet domestic needs but also to re-enter global markets confidently. We foresee a season of stability and opportunity, balancing export potential with assured supply for domestic consumers and ethanol blending programs.

At Avadh, while we acknowledge these near-term headwinds, we remain committed to sustainable growth with our ongoing capex program. We believe the sector can rebound strongly in the 2025–26 season and beyond”
